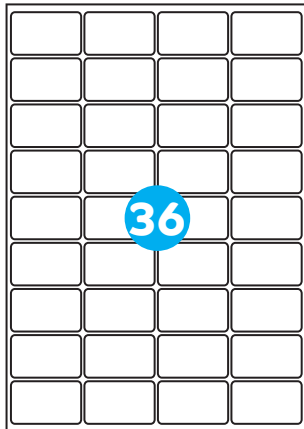

Graphic labels are also available in colours:

Have a demanding labelling application?

We've probably got the perfect label material for it. Our extensive Specials range includes removable, freezer-grade, biodegradable, high-tack and water-wash-off paper labels, alongside durable synthetic materials for outdoor, warehouse and industrial use.

We also offer coloured, fluorescent, metallic, translucent and security labels for everything from school organisation and stock control to product branding, asset tracking and tamper-evident applications. When regular labels wave the white flag, the Polycopy Specials range steps in. Just get in touch, we'll sort it.
